Dear Mr. Helms:

We have recently received a report of the Federal Bureau of Investigation prepared by Special Agent Robert P. Gerberling dated January 22, 1964 at Dallas, Texas. On page 44 of the report is set forth information concerning a .16 caliber single-barrel weapon described in a Russian hunting identification booklet found among the effects of Lee Harvey Oswald. We would appreciate any further descriptive data concerning this weapon or its manufacture which you may be able to supply.

Thank you for your continued cooperation.

Sincerely,
